Lost Dog Update

Marybeth O'Shea, Chairperson of the Lost Dog Committee took the floor. The result of the committee meeting earlier this week; a name of the committee will be assigned; research being done for zoning restriction sizes to post large signage; lost dog packet information being created and will be assembled to be distributed at Nauset Kennel, CC Dog and the police station.

Windmill Weekend Update

Cindy Nicholson reserved two days on the green. Same location as last year (booth eight). It was requested we not use the CC Dog's tent due to signage. This is for non-profit groups only and there were some complaints last year.

Discussed options of covering up signage, borrowing a tent or purchasing new. Cindy had a few quotes for a small tent. Motion was made to purchase a tent, not to exceed \$200. Motion seconded and all were in favor. Cindy to purchase a tent.

No one at the meeting could commit to a day or time for booth coverage. Volunteers needed.

Material needed for booth; updated newsletter (Sarah to work on) and more business cards. Motion made to purchase \$40 worth of business cards. Seconded and all in favor.

Regional Emergency Pet Disaster Shelter Update

Cindy has been in discussion with Mark Foley, member of our Regional Emergency Planning Committee and Holly Rogers, President of the Cape Cod DART. They have asked to meet with our group and bring us up to date regarding our current status and where we go from here.

Date reserved at the COA on September 17th.

2009 Review of Goals

List of 2009 goals sheet distributed. Appear to be on track. EDOA membership needs to be increased. Questioned the Wiley Park Memorial Benches; put something on website inquiring if there is an interest. Upon discussing the exploration of Bee's River/First Encounter Beach year round accessibility there was some conflict and asked that item be included with the Exploration of dog recreational opportunities as well as including extending the hours at Rock Harbor Beach during the summer hours.

Cindy expressed there was a complaint from one of the Dyer Prince neighbors regarding the number of dogs on the beach. With the subdivision of the Harris property in that area; new owners will be building homes and more challenges will be forth coming from the neighbors.

Cindy had also heard scuttlebutt at the town hall of the police enforcing the leash law at Dyer Prince Beach which is stated in the town by-laws to first issue a warning then fine with a ticket. This would need to go on the town warrant thus no action needed at this time.

Marty Haspel brought to the floor a suggestion for a 2010 community event – RESPONSIBLE DOG OWNERSHIP DAY similar to the AKC's event being held on September 26, 2009.
